DE- do the class online normally

4. Engaging with our Troupe during time out

Try to establish weekly engagements with our troupe via Social Media.

Ideas:

- Compilation Video for what we're working on so we can see each other's talents
- Weekly Zoom meeting for social meet-up?
- Weekly challenges (Like make a video of yourself lip syncing to ex song) and then we make videos to post the following week.
- Weekly updates from a troupe member (social media take-over?)
- Broadway Song Hand washing Demo (Tag you're it method)

5. Mr. NK Pageant Update - Reschedule

- Mr. New Kent stuff like Mens Warehouse has been moved to the fall
- Do Mr. New Kent Homecoming Week (Could have Mr. NK crown Hoco King?)
- May or may not open it up to new people - leave the decision up to Lucy

6. Spring Showcase Update - Contingency Plans

- Option 1: we don't return to school so we can create a "live performance" that is recorded and streamed online for the community to see.
- Option 2: a summer performance once we're allowed to return to school (students should still prepare because it is a recording opportunity as well)

7. Bardathon Update - Reschedule/ Filming Proposition

- So possibly a watch party after everyone records what they are doing being hosted by Bardathon
- Waiting on more details from the organization

8. Peter and the Starcatcher Update - Contingency Plans

MTI has given anyone with royalties through them the ability to move their shows to another date.

- Option 1: We move the show to summer and it can stay generally the same. We would need to consider college student's leave times for their new school year- also taking into consideration that not all students are able to get to summer rehearsals/ have vacations and other things planned.
- Option 2: We move the show to Fall and have to re-cast all senior roles without a double cast part (Annabelle and Avery). We would also open casting for general ensemble as the absence of the seniors who are double cast will thin out the ensemble).

9. **Governor's Mandate: Schools should close through the remainder of the school year.**

Notes from the Governor:

- Schools should remain closed for the safety of all community members and to reduce the spread of the virus
- Division leaders will determine how content is continued to be delivered throughout the rest of the year
- We will receive guidance from VADOE by tomorrow
- Waivers are in process for testing and graduation requirements
- 1.2 Million children under age 12 and half are in public or pre-school. 80K are estimated to be the children of healthcare workers. They will need help in providing childcare for these children.
- Department of Social Services/ Education will issue guidance today on providing safety measures for children in our communities in terms of avoiding illness as well as food scarcity. Text "FOOD" if you are struggling to feed your family.
- Private Schools are included in this mandate

10. Lion King Jr. Update - Contingency Plans

MTI has given anyone with royalties through them the ability to move their shows to another date.

Option 1: We can perform in the summer.

Option 2: We perform next Winter during college student's breaks. If we can get the schedule to work so that our core group of Sped students can still be prepared adequately for a performance at that time.

Option 3: this gets moved to another time period altogether and is no longer a SPED partnership due to an inability to prepare those students adequately.
